2025-26 Enrollment Update

Mr. Holper has received 75 course selection sheets and is following up on an additional 11 prospective students that have not turned in sheets yet. Including 4 prospective new international students, we could have between 85-90 incoming freshmen next school year. He mentioned that he is seeing an uptick in interest from public school families.

Committee Chair Update

The MLHS Federation delegates will meet on Saturday, May 10th at 9:00 to elect a new Admissions committee chair. Earlier this year I was elected by the Board of Control to move to the Finance Committee in July based on my past service there.
