Manitowoc Lutheran High School
Federation Meeting

MLHS ADMISSIONS REPORT
Admissions Chair: **Mr. Jeremy Fischer**

Date of Meeting: Saturday, August 8, 2026

Enrollment Future

Fall 2026 projections include 70-75 freshman and 310-315 total MLHS students.
Recruiting activities for Fall are expected to continue through August.
We continue to anticipate an average of 80 incoming students per year over the next decade from Lakeshore Lutheran schools, not including external recruitment. A long-term student body of 325-350 continues to appear realistic.

Admissions Director Update

Ryan Holper continues to work with prospects though summer. Flexibility of Choice enrollment periods through August is driving late interest.

Admissions Committee Membership Update

Thomas Dewane will be stepping down from the committee. He shared that over the years our committee has done a lot of good work for MLHS, and he is proud of the accomplishments. He will miss helping MLHS but needs to free up time for emergent family priorities. The committee is grateful for Tom's help.

Respectfully submitted,
Jeremy Fischer
